SUMMARY

Dynamic Front-End Developer skilled in HTML, CSS, JavaScript, React, Tailwind CSS, and Bootstrap. I excel in crafting responsive, accessible, high-performance user interfaces. With a solid background in Software Development, I'm driven to innovate and deliver transformative projects.

INTERNSHIPS

- **Intensive Code Camp (ICC) – Front-End and Cross-Platform Development   Nov 2024 – Apr 2025**
  Information Technology Institute (ITI)

  Projects:

  - **Travello :** Travello is a travel management web app built with React 19, using Redux Toolkit, React Router DOM, Formik and Yup, Firebase, Chart.js, jsPDF, EmailJS, and Vite.
    - **LiveDemo** https://travello-psi.vercel.app/   **GitHub** https://github.com/Abd0Khalifa/travello
  - **SkillStack:** E-learning platform using **React, Tailwind, Firebase, and PayPal**.
    - **LiveDemo** https://musical-youtiao-78d18d.netlify.app   **GitHub** https://github.com/Abd0Khalifa/E-Learning-App
  - **Movies :** Platform for Moies using **React, Bootstrap, and Localization**.
    - **LiveDemo** https://soft-fudge-e94dd7.netlify.app   **GitHub** https://github.com/Abd0Khalifa/movies-app
  - **My-Portfolio :** A platform to showcase my projects using React(Vite) and Tailwind.
    - **LiveDemo** https://abdulrahman-khalifa-portfolio.netlify.app   **GitHub** https://github.com/Abd0Khalifa/My-Portfolio
  - **X-Clone :** Simulation for X-platform(twitter) using HTML,CSS,Bootstrap,local storage,API and JS.
    - **LiveDemo** https://abd0khalifa.github.io/X-platform-simulation/login.html   **GitHub** https://github.com/Abd0Khalifa/X-platform-simulation
  - **E-Commerce :** Website built with HTML, CSS, Bootstrap , local storage , API , JS and PayPal.
    - **LiveDemo** https://abd0khalifa.github.io/E-Commerce-project/login.html   **GitHub** https://github.com/Abd0Khalifa/E-Commerce-project
- **Early Career Build Up (Summer Training) – Front-End Development   Aug 2020 – Oct 2020**
  Information Technology Institute (ITI)

EDUCATION

Bachelor's degree in Software Development from the Department of Information Technology at the Egyptian-Korean College of Industrial and Energy Technology, Beni Suef Technological University, 2023.

Grade: very Good (84.125%).

Projects:

- **Self-Driving Car using Image Processing** : I worked on the Code and algorithms using python in my team and submitted it as graduation project in the last year. **Overall Rating**: Excellent (90%).

- **Mobile Applications** : I have made more than one user interface for many applications using Flutter Platform, Dart language.

- **Windows Applications:** A set of systems developed in the C# language to facilitate the management process of recording data, keeping the system and ensuring ease of dealing for the customer.

- **BLACK & WHITE:** I worked on the Front-end of a web application in my team and submitted it as graduation project in the second year. **Overall Rating**: Excellent (100%).

- **LIBRARY APP :** I worked on the Frontend of java application in my team.

- **CHROMEOFFLINEDINOSOUR GAME :** A rework of the chrome offline game using C++ and OpenGL.

WORK EXPERIENCE

- **Production Worker at a Ceramics Factory**   **2023-October 2024**
  Operated machinery and maintained product from the time it was first put on the production line until it reached the storage stage.
- **Office Assistant at a Construction Company**   **2021-2023**
  Assisted with administrative tasks and transported necessary materials to sites.
- **Accountant at a Cafe**   **2021-2023**
  Managed financial records and oversaw daily transactions for the cafe.
- **Security Guard**   **2020-2021**
  Ensured safety and maintained security protocols at assigned locations.
- **Assistant Designer at an Advertising Agency**   **2020-2019**
  Supported creative projects and contributed to design campaigns in an advertising office.
- **Wholesale Store Worker**   **2016-2018**
  Worked in a wholesale store, managing various operations and customer service.

SKILLS

- **Hard Skills**: Html | CSS | JavaScript | Bootstrap | Git & GitHub | Coding | Firebase | React.js | TypeScript | Next.js | Angular | Sass | jQuery | TailwindCSS
- **Personal Skills:** Communication | Flexible team player | Time management | Critical Thinking | Eager to develop | Problem solving | Creativity | Analytical | Project Management | Presentation
- **Languages: Arabic (Native) | English (Professional)**

EXTRACURRICULAR ACTIVITIES

Volunteered at Life-Makers Egypt Foundation   **July 2020 - Mar 2023**

I participated in many centers, the most important of which is that I served as an official (IT) at the level of Beni-Suef Governorate.
